QUALITY MANAGEMENT

ISO 9001:2026 Transition Course

This course provides a detailed overview of the key differences between ISO 9001:2015 and ISO 9001:2026, and how this affects Quality Management System audits, such as planning, execution and reporting.

Approx. 4 hours

Training level - Transition

Who should attend this course?

- Managers/Coordinators/Consultants updating an existing QMS which is based on ISO 9001:2015
- Those responsible for ensuring their organisation conforms to ISO 9001
- Auditors with experience of QMS auditing against ISO 9001

Please note – this course is only suitable for people who have an understanding of ISO 9001:2015.

What will delegates learn on this course?

- Why has the ISO 9001:2015 Standard been updated
- Key changes to clauses
- Guidance on implementing the changes
- Timeline for transitioning to ISO 9001:2026

This course includes a comprehensive 'Changes Guide' as a downloadable PDF document, which is referenced throughout the course, giving a useful resource to refer back to.

What is the format of this course?

- The online Transition course consists of 12 training modules, which include lessons in the form of interactive activities with knowledge checks throughout.
- After booking the course, joining instructions are sent via email – these will include unique log-in details along with links to the Digital Learning Portal.
- Delegates will have access to the online course for 30-days, allowing time to fit in training around other commitments.

What is the course assessment?

- There are knowledge checks throughout the online course to secure learning, with a final quiz at the end.

What certificate is provided?

- A Batalas certificate

What equipment is required for this online course?

- No software is required for this online course; delegates just need an internet-connected device (desktop, laptop, tablet or mobile) with audio equipment (headphones/speakers).

This course has the following learning styles available:

Online
self-paced
