

# ISO 9001 Foundation QMS Training Course

IRCA Approved

## SUITABLE FOR

An IRCA approved ISO 9001: 2008 series Foundation training course (A17208) suitable for those wishing to understand the purpose and intent of the ISO 9001: 2008 series of standards. This 1-day course enables delegates to interpret the requirements of the ISO 9001: 2008 standard, and the relationship between the clauses of the standard.

Delegates completing the Batalas foundation training course will be able to explain the main requirements of the quality management system standard ISO 9001: 2008, and the way in which conformance to the standard is determined.

## CONTENT

- Quality terminology
- The ISO 9000 family of standards
- Purpose and benefits of ISO 9001
- The 8 quality management principles
- Interpreting ISO 9001 requirements
- Process based quality management systems
- Continual improvement
- Determining conformance

## CERTIFICATE

An IRCA approved certificate for those who successfully complete all elements of the course.

## FORMAT OF COURSE

Tutor led sessions interspersed with individual and team based exercises.

## DURATION

1 day. This course is available as a public course, or if you have more than 4 delegates you may wish to have this an In-house course.

## WHY AN IRCA APPROVED COURSE?

This course is the foundation event of the internal auditor training course approved by IRCA (International Register of Certificated Auditors), and qualifies as one the training elements for registration as an internal Auditor. IRCA is the largest auditor certification body in the world, with IRCA approved courses being designed to exacting criteria to ensure that the highest possible standards of course design and course delivery are maintained. Batalas is a major provider of IRCA approved auditor training courses and therefore, you can be assured that the training you will receive is of a high standard.
