

ISO 45001:2018 Introduction course OHSMS

This interactive online course provides delegates with an overview of Occupational Health and Safety Management Systems (OHSMS) and an introduction to ISO 45001:2018.

 Approx. 1 hour

 Training level - Introduction

Who should attend this course?

- Anyone who requires a basic understanding of ISO 45001:2015 and OHSMS.
- New employees that require an overview of ISO 45001:2018 as part of a company induction process, which ensures all staff receive the same consistent training.
- OH&S 18001 auditors who need a basic understanding of ISO 45001:2018.
- Existing auditors who need a refresher on ISO 45001:2018.

Please note - this course is not sufficient for delegates who require prior knowledge before attending an ISO 45001:2018 Auditor Conversion course; an ISO 45001 Foundation course is recommended in this instance.

What will delegates learn on this course?

- Overview of ISO 45001:2018 and an Occupational Health and Safety Management System (OHSMS)
- History of OHSMS Standards
- Purpose and benefits of ISO 45001:2018
- Overview of Annex SL
- Plan, Do, Check, Act Cycle – PDCA
- Context of the organisation
- Leadership and worker participation
- Planning, support and operation
- Performance evaluation and improvement

What is the format of this course?

- This ISO 45001 online course consists of 13 lessons in the form of interactive videos, activities, and knowledge checks. The bite-sized lessons can easily be completed in a break at work, on your commute, or fitted in around other activities.
- Delegates will have access to the online course for 30 days, allowing time to fit in the training around other commitments.

What is the course assessment?

- There are knowledge checks throughout the ISO 45001 Introduction online course in the form of interactive quizzes.

What certificate is provided?

- A Batatas certificate

What equipment is required for this online course?

- No software is required for this online course; delegates just need an internet-connected device (desktop, laptop, tablet or mobile) with audio equipment (headphones/speakers).

This course has the following learning styles available:

Online
self-paced
